5th International Symposium for Persistent,Bioaccumulating and Toxic Substances (IJRC-PTS 2021)

IJRC-PTS 2021

Beijing, China, 26 - 28 July, 2021

First announcement & Call for papers

Submission deadline：15 July,2021

ORGANIZERS

- IJRC-PTS — IJRC-PT
- Harbin institute of technology
- Beijing Jiaotong University
- Peking University
- Tianjin University

CO-ORGANIZERS

- State Key Laboratory of Urban Water Resources and Environment
- Beijing International Cooperation Base for Science and Technology on Antibiotics/Resistance Genes Water Environmental Pollution Control Technology
- Beijing Key Laboratory of Aqueous Typical Pollutants Control and Water Quality Safeguard
- Heilongjiang Provincial Key Laboratory of Polar Environment and Ecosystem (HPKL-PEE)
- Beijing Green Industry Development Association

WELCOME MESSAGE

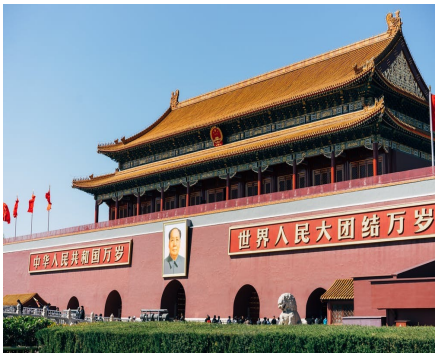

The 5th International Symposium for Persistent, Bioaccumulating and Toxic Substances (PBTS) **(IJRC-PTS 2021)** will be held in Beijing, China from July 26 to 28, 2021. The **IJRC-PTS 2021** is an international academic seminar which organized by the International Joint Research Center for Persistent Toxic Substances (IJRC-PTS) and Beijing Jiaotong University. The conference focuses on discussing the international issues about migration, transformation, trend and control of persistent, bioaccumulative, toxic and harmful pollutants. We sincerely invite you to submit your paper abstract and attend the conference.

VENUE

Beijing, as the capital city of China, will host the 5th international symposium for persistent, bioaccumulating and toxic substances. Beijing Hongguoyuan Hotel belongs to Beijing Jiaotong University, a famous academic institution with a hundred-year history, and has a strong academic and cultural atmosphere. The surrounding environment is beautiful and quiet, surrounded by institutions of higher learning and scientific research units, and close to the Xizhimen traffic hub, with convenient transportation, making it an ideal place for academic exchanges.

CALL FOR PAPERS

TOPICS

- New detection method of toxic and harmful pollutants
- PBTS in polar / cold regions
- PBTS in water environment (basin, ocean)
- Environmental toxicology and health
- Resistance genes
- Antibiotics and its behavior in environment
- Indoor environment and health
- Biological control technology of PBTS pollution
- PBTS Control technologies
- PBTS – Challenges for the circular economy and CO_2 emission

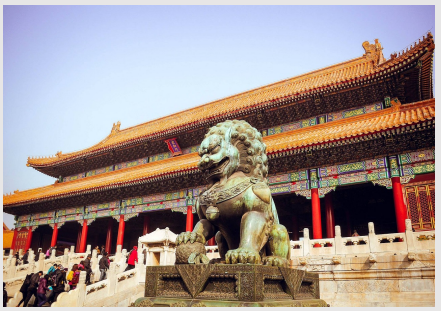

HOW ARE PAPERS SELECTED?

All submissions will be selected by the members of our committee. Please make sure the topic of your submission falls into the scope of our Symposium.

HOW TO SUBMIT AND PUBLISHED?

Your abstract submission must be in the form of a short abstract paper: one A4 page of text (approximately 300 words). This must be directly send by email to the following address : ijrc_pts2021@163.com.

You need to select a topic when you submit by email. Some excellent full papers will be selected to the special issue of ***Chemosphere***, some outstanding papers also will be recommended to the journal of ***Environmental Science & Ecotechnology***.

Those recommended full papers must follow specific regulations of each journal. The final decision on publication, which may be subject to further revision of the paper, will be taken by the editors of the journal.

IMPORTANT DATES

05 , July, 2021
Second round of conference notice

15, July, 2021
Acceptance notice

26, July, 2021
Throughout the day to register

27, July, 2021
The opening ceremony

ANY QUESTIONS?
